Clint Didier for U.S. Congress  
P.O. Box 157  
Eltopia, WA 99330

Dear Clint,

I am writing as I am honored to offer my endorsement of your candidacy for the U.S. House of Representatives. I believe and know you are the best candidate to represent Washington's 4<sup>th</sup> Congressional District and here are a few key reasons why the voters should not only consider but support your bid.

You know the issues that affect both your district and Washingtonians. As a farmer you know what it takes to run and operate a successful farm. You know how over-regulation by the government, especially in DC is affecting farming and business owners not only in your community but across our country. You'll be a powerful voice that is needed by those being ignored across our nation.

Additionally, in your race, you are the true conservative. There is no question that you will defend our issues, the issues that patriots and defenders of liberty hold dearly, such as our right to keep and bear arms, opposing continued tax increases, eliminating socialized programs such as ObamaCare, Obama's Common Core, defending Christianity from those who seek to continue to try and eliminate our rights, and maintaining our armed services. You will hold true to your oath of office and defend the Constitution of the United States.

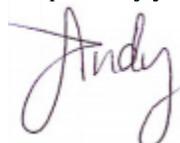

You recognize as I do, the pattern of abuse that the Obama Administration has done with regards to scandals including the IRS, NSA, Fast & Furious, Benghazi, the destabilization of the Middle East, and the Veterans Administration. I know you will do all you can to hold our Executive Branch accountable.

As an Expert on Border Security having testified before key House Committees and led national efforts to support federal law enforcement agents including national security whistleblowers, Border Patrol Agents prosecuted by U.S. Attorneys who ignored laws repeatedly violated by illegal alien drug smugglers and human traffickers, I know your commitment to secure our borders, oppose general amnesty, enforce immigration laws, while holding the Department of Homeland Security accountable. This is the same commitment you will do as Congressman of a border state. There is no questioning that you will defend our first responders, and not only those serving our armed services but their families here at home in the US.

Clint, as a Super Bowl Champion, you were known for your hard work and dedication on and off the field. You know the preparation required for success, which you've continued in your post-athletic career as a successful farmer. As you are not a political "insider", you will bring your many renowned skills along with new blood and thinking to a body that so desperately needs it, the Congress.

Please list me as an endorser and you may list my title for identification purposes.

Respectfully yours,

Andy Ramirez, President  
Law Enforcement Officers Advocates Council
